PROFILE SUMMARY

Computer science student specializing in **AI** and **Machine Learning**, skilled in **Python**, **Java**, and problem-solving. Focused on applying emerging technologies to solve real-world problems, with strong teamwork and adaptability under pressure.

EDUCATION

Sethu Institute of Technology – Madurai, Tamil Nadu, India.
Bachelor of Engineering in Computer Science and Engineering (AI & ML) with Honors in Full Stack Development – Pursuing, Final Year, CGPA - 8.84

Thiagarajar Model Higher Secondary School – Madurai, Tamil Nadu, India.
12th Grade – 2022 84%

Thiagarajar Model Higher Secondary School – Madurai, Tamil Nadu, India.
10th Grade – 2020 83.4%

TECHNICAL SKILLS

▪ Programming Languages and Database : Python, Java, SQL

▪ AI / ML Tools & Frameworks: Large Language Models (LLMs), Machine Learning, Prompt Engineering, Tensorflow, Scikit-learn

▪ Software & Tools: Git, GitHub, Visual Studio Code

TRAINING EXPERIENCE

Novitech Pvt Ltd – Online **AI Master Class** (30 Days) – July 2024

- Completed an intensive 30-day Training program with hands-on experience focusing on Machine learning, Computer vision, and Deep learning. Executed practical exercises involving image classification, object detection, and neural network implementation.

PROJECT EXPERIENCE

Unmanned Surface Robot – Main Project

Designed and built an autonomous surface robot equipped with sensors and micro-controllers for obstacle detection, path planning, and efficient navigation. Applied robotics principles to deliver a reliable solution for real-world surface monitoring tasks.

MedAI - Main Project

Developing **MedAI**, an LLM-based application for multilingual medical report summarization with integrated food and diet recommendations. Leveraging the **Retrieval-Augmented Generation (RAG)** approach to improve precision and deliver context-aware, accurate results.

Traffic/Road Sign Detection – Mini Project

Developed a traffic sign recognition system using Machine Learning and OpenCV, trained on diverse datasets for high accuracy under varying conditions, with potential integration into intelligent transportation systems to enhance road safety.

ACHIEVEMENTS AND CERTIFICATIONS

- Earned **NPTEL Ethical Hacking** certification with 67%.
- Earned **NPTEL Cloud Computing** certification with 81%.
- Completed **AI Primer** course on Infosys Springboard.
- ZETSPIRE TECHNOLOGIES Pvt Ltd - 1 week **Project based Robotic Training** - JULY 2024
- ZETSPIRE TECHNOLOGIES Pvt Ltd - 1 week **Project based Robotic Training** - AUGUST 2023

HONORS & INVOLVEMENT

- Department topper; awarded **Academic Star** and **Above and Beyond** honors at the annual college day function.
- Winner of multiple technical symposiums and secured a **Top 5** position in the Hackathon at Mohammed Sathak Engineering College, Kilakarai.
